

FOR THOSE WHO LOVE A CARD GAME.

BRIDGE

Foaline
Toland

(Clip and save.)

Whether you play whist or contract poker or pinochle this design for a shion may interest you. Make the nter a solid color and applique the otifs in a border about the edge.

This also makes a quilt block or these individual motifs may be used on four small pillows boxed in to make most attractive boudour pillows. The center square is fifteen inches for a large pillow. These may be used as

border for bridge table cover or a painted border on the edge of the bridge table. Made in tin, these are nice cookie cutters. Save the pattern and use your ingenuity.
